Writing off or obtaining sanction for write off of maintenance charges of the Kodaikanal Municipality

File No. ML 96 of 1939

General and Revenue Secretariat

Enforcing the Kodaikanal Municipality to pay the maintenance charges every year. The Municipality has defaulted in payment of the arrears amount now to Rs. 12,343/- (the annual maintenance charges approximately being about Rs. 2000/-). Immediate steps.

The Municipality is also liable to pay interest on the above arrears at 4% p.a.

4) The present proposal of the Director is to waive the recovery of the above arrears altogether, as prayed for by the Municipality. The proposal is not reasonable. On the other hand, the Municipality should have made provision for meeting such of an obligatory nature in its Budget every year. Secondly, the Municipality has arrears of maintenance to the extent of Rs. 23650/- of the Municipality collects a large portion of this amount, it will not be difficult to pay up the arrears in instalments if necessary. A direction may accordingly be issued to the Municipality for 1939-40 that immediate arrangements should be made to pay up the amount. Any concession to this effect at present in the direction is likely to create an inconvenient precedent. Having regard to the above facts, it is submitted that the proposal has to be rejected. S i r,

Subject:- Arrears of maintenance charges in respect of the Kolar Water works.

In forwarding, herewith, a copy of letter No. H.C.152/38-39 dated 21st April 1939 together with copies of its enclosures received from the President, Town Municipal Council, Kolar, regarding the above subject, I have the honour to state that as explained by the President, the financial position of the Municipality is really very bad and does not permit of paying up the arrears which amount to Rs.12,343/- exclusive of the interest to be calculated thereon at 4½%. This fact has been brought to the notice of Government in my Inspection Report of the Municipality for the current year and in my Review on the Budget Estimates of the Municipal Council for the year 1939-40.

As the amount due to be paid is too much for the municipality with its depleted finances and as the Municipal Council have now undertaken to pay up the annual maintenance charges regularly in advance in future years as required by rules, I recommend that the Government be pleased to order the write off of the amount together with interest due from the Municipal Council as a very special case as requested by them and enable them to commence their transactions afresh in respect of this item. On receipt of Orders of Government necessary instructions will be issued to the President of the Municipality to arrange for the payment of these charges regularly in

advanced hereafter.

Letter No H.C.152/38-39 dated 21st April 1939 from the President, Town Municipal Council, Kolar, to the Deputy Commissioner, Kolar District, Kolar.

I have thehonour to state that the Sanitary Engineer, Bureau of Sanitary Engineering, intimated in his letter No 3346-3343 dated 13-?-39 (copy enclosed) that the total maintenance charges of Sri Chikkachennanjappa Setty Kolar Water works, up to the end of December 1938 includ arrears comes to Rs.12,343-0-2 and that arrangement must be made to pay up the amount immediately together with interest at 4½% etc. The matter was placed before the council and they have resolved at their meeting held on 6-4-1939 that they are not in a position to pay any-thing towards this in view of their deplorable financial position and have humbly requested the Government to kindly write off the entire amount due up to the end of December 1938. But they have agreed to pay the monthly charges in advance regularly hereafter.

As the financial position of the Municipality does not admit of the payment of any portion of the arrears, a recommendation may kindly be made to Government to write off the entire amount and enable the Municipality to start with a clean slate and carry on their normal work, in future.

I may add in this connection that in the existing state of affairs of the Municipality, it is impossible to pay this amount even by instalments in addition to the monthly charges An extract of the resolution of the council on this behalf is herewith enclosed for kind perusal.

Copy of letter No 3326-3343 dated 13th February 1939 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore to the President, Municipal Council, Kolar.

Re Annual maintenance charges of water supply.

I have the honour to state that though instructions were issued in this office letter No 853-70 dated 7-9-38 that 1/12 of the Annual Maintenance charges of Water supply should be paid every month in advance no amounts are being received at all. Further, in the montly demand statements sent from this office requests are also being made to pay up arrears, but of no avail The total due to end of December 1938 (including arrears) comes to Rs.12,343-0-2 and arrangements may kindly be made to pay up this amount before the end of this month, together with interest at 4½% as per Government Order dated 2-7-1938, as stringent reminders are being received from the Comptroller for the immediate adjustment of these amounts. If these amounts are not received within this period, the matter will have to be brought to the notice for further action as per rules to adjust this amount from the Municipal balance at the Treasury.

I therefore, request you to kindly arrange to pay up this amount at once and not allow me to take the action noted above.

Further, in future, arrangements may also be made to credit 1/12 of the A.M Estimate amount in advance every month as per G.O. dated 2nd July 1938.
